Redistribution and use in source and binary forms, with or without modification, are permitted provided that the following conditions are met:

1. Redistributions of source code must retain the above copyright notice, this list of conditions and the following disclaimer.
2. Redistributions in binary form must reproduce the above copyright notice, this list of conditions and the following disclaimer in the documentation and/or other materials provided with the distribution.
3. The entire corresponding source code of any redistribution, with or without modification, by a research entity, including but not limited to any contracting manager/operator of a United States National Laboratory, any institution of higher learning, and any non-profit organization, must be made publicly available under this license for as long as the redistribution is made available by the research entity.
4. Redistribution of this software, without modification, must refer to the software by the same designation. Redistribution of a modified version of this software (i) may not refer to the modified version by the same designation, or by any confusingly similar designation, and (ii) must refer to the underlying software originally provided by Alliance as “FESTIV”. Except to comply with the foregoing, the term “FESTIV”, or any confusingly similar designation may not be used to refer to any modified version of this software or any modified version of the underlying software originally provided by Alliance without the prior written consent of Alliance.
5. The name of the copyright holder(s), any contributors, the United States Government, the United States Department of Energy, or any of their employees may not be used to endorse or promote products derived from this software without specific prior written permission from the respective party.
